

SorenGO!

Companies within the territory

In this publication, the Municipality of Sorengo presents a snapshot of the current entrepreneurial situation within its territory. This situation is made up of dynamic and diverse companies and businesses, which this publication endeavors to make available to citizens and to the companies themselves, so as to improve common knowledge and to take advantage of the potential.

In this way, the municipality hopes to make an instrument available to everyone for immediate consultation in case of professional need, in order to incentivize the use of local resources available, and so as to promote a lasting development of the social and work fabric. The companies herein are those that took part in the initiative proposed by the Municipality* (October, 2017).
